

Camp Connections

Give every child the gift of nature camp

WHY IT MATTERS

Many kids in our communities face financial and transit barriers to summer day camp.

In our 2025 pilot, 13 children attended a week long day camp at Claireville Conservation Area — every child learned something new, made friends, and felt more connected to nature. Parents reported improved confidence, well-being, and happiness.

"My child came home happier, healthier, and with new friends. This program gave them confidence and a love for nature." — Parent

Sponsorship Impact

Your sponsorship covers:

- Camp admission
- Daily bus transportation
- Safe, inclusive nature programming

Business Benefits Include:

- Logo placement on Partners in Project Green website
- Comprehensive impact summary ready for inclusion in CSR or ESG reports
- Personalized camper report cards featuring participant reflections and artwork, illustrating the tangible outcomes of your sponsorship

Join us in building camp connections

Together, we can open the outdoors to every child.
